6. E-Books Directory <http://www.e-booksdirectory.com/>

We have exactly **9127** free e-books in **661** categories.

E-Books Directory is a daily growing list of freely downloadable e-books, documents and lecture notes found all over the internet. You can submit and promote your own e-books, add comments on already posted books or just browse through the directory below and download anything you need.

7. Free Mathematics e-books <http://www.e-booksdirectory.com/mathematics.php>

Here is an unordered list of online mathematics books, textbooks, monographs, lecture notes, and other mathematics related documents freely available on the web. I tried to select only the works in book formats, "*real*" books that are mainly in PDF format, so many well-known html-based mathematics web pages and online tutorials are left out.
